## Comment Letters and Responses

### Introduction

This chapter contains the comment letters received by the SWRCB on the Draft EIR and the SWRCB's responses to the comments. Comment letters and specific comments within each letter are individually numbered, and the letter is followed by the SWRCB's response. Where changes are required for the Final EIR, the changes are included in the response and in Appendix A.

Comment letters are numbered according to Table 2-1, and organized as follows:

1. federal, state, and local government agencies;
2. organizations and nonprofit organizations;
3. form letters; and
4. individuals.
